

# OTF Coin Whitepaper – Only The Fearless (Version 1.0 – 2026)

## Introduction

OTF Coin (\$OTF) stands for Only The Fearless. It is a community-driven meme coin created for people who believe the best opportunities in crypto belong to those who move early and support projects from the very beginning.

## The Story

OTF began as a discussion between friends about how the crypto space had lost some of its original excitement. Early crypto communities were built on fun, experimentation, and people supporting ideas early. The idea of OTF – Only The Fearless – represents those who are willing to take the first step.

## Mission

The mission of OTF is to build a strong community of early supporters who enjoy crypto culture, memes, and the excitement of building something together from the ground up.

## Tokenomics

Total Supply: 1,000,000,000 OTF Liquidity: 100% added to decentralized exchange pool at launch
